EDUCATION

2022-2025
Maths, physics, software development and embedded systems
Rwanda Coding Academy

2019-2022
Ordinary level
Kagarama Secondary School

CERTIFICATIONS

- Java training complete course 2022
- UNICEF - Technology for emergency
- Backend development with nodejs

PROFILE INFO

Seeking a full-time software engineering role to apply development skills, solve complex problems, and contribute to impactful projects.

EXPERIENCE

SOFTWARE ENGINEER (Internship)
Sonarwa Life Insurance (Onsite | Mar 2026 - Present)

- Building and maintaining data pipelines for efficient data processing and transformation.
- Improving data quality, performance, and reliability through collaboration and optimization.

FULL STACK DEVELOPER (Internship)
Ministry of Environment (On-site | Oct 2025 - Feb 2026)

- Enhanced the Integrated Project Management System, improving features and applying code-review feedback.
- Updated system features based on user needs and implemented security measures to reduce risks.

FULL STACK DEVELOPER (Freelance)
Remote | 2021 – 2025

- Built and maintained web apps, improving front-end UI and optimizing back-end performance and security.
- Ensured code quality, structure, and compliance while staying updated on web development trends.

SOFT SKILLS & EXPERTISE

JavaScript (TypeScript), Node.js, React, React Native, Next.js

MYSQL, POSTGERS, MARIADB, MongoDB

HTML & CSS, Tailwind, Bootstrap

C, C++, DSA

JAVA, Spring boot,

Python, Django, FastAPI

PHP, Laravel

WEB 3

Embedded system

HOBBIES

- Watching video about today's technology
- Reading book/stories
- Sharing my experience to others

LANGUAGE

- English
- KInyarwanda

HARD SKILLS

Critical Decision-Making:"I'm good at making choices that feel right, especially when it comes to figuring out how to handle school tasks. It's like having a helpful guide inside my head for making good decisions."

Effective Problem Resolution: When things get tricky, I can break big problems into smaller parts. It's like having a toolkit in my brain to solve puzzles step by step."

Innovation and Creativity:"I'm naturally creative in how I approach learning. I look at school stuff from different angles, making studying more like a fun adventure."

Optimized Resource Utilization:"I'm smart about using what I have, whether it's time, books, or tools. It's like being a good manager, making sure I get the most out of my study time."

Strategic Planning:"I naturally plan things out for school. It's not just about setting goals; it's also about thinking ahead, making a plan that helps me succeed in each school term."

PARTICIPATION

- WAZUMBUZI competition
- climate science olympiad competition
- MKU math competition
- African Cyber Defense Forum
